

# GNCA January 2010

## It's Still BRRRRRRRRRR

### We Are Learning....

Warm and cold...we sure have enjoyed a couple of warm days but the cold is returning. Fluctuations in weather sometimes is followed by colds, allergy flare-ups, etc. Be on the lookout for such things and continue to practice good hand washing.

H1N1 Update: According the latest news from the Virginia Department of Health, the H1N1 virus is currently on the decline. Whereas 15% of all doctor's office visits in October was H1N1 related, late December and early January is only sitting at 3%. The VDH is encouraging everyone to remain diligent as a 3rd wave of the virus may come in March.
